*** DISCLAIMER:** Cloth face masks are not as effective as surgical masks or N95 respirators and are intended to inhibit or slow transmission by the wearer. The CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies) especially in areas of significant community-based transmission. See <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/cloth-face-cover.html>. This face mask is not intended for use in diagnosis of disease or other conditions or in the cure, mitigation, treatment or prevention of disease.

3M[™] Particulate Respirator 8511, N95

- ◆ Designed to help provide reliable respiratory protection of at least 95% filtration efficiency against certain non-oil based particles
- ◆ Also helps reduce inhalation exposures to certain airborne biological particles (examples: mold, Bacillus anthracis, Mycobacterium tuberculosis), but cannot eliminate the risk of contracting infection, illness, or disease
- ◆ The 8511 has a soft inner material provides added comfort while the cup shape design makes the respirator spacious and durable
- ◆ Braided headbands and an adjustable M-noseclip are designed to help enhance user comfort and increase wearability
- ◆ Incorporates 3M's proprietary technology with advanced electrostatically charged microfiber filter media designed for ease of breathing
- ◆ 3M Cool Flow valve is designed to release hot, humid exhaled breath quickly, helping to prevent an unpleasant build up of heat inside the facepiece – a significant cause of discomfort to respirator wearers

3MCOM-8511 Particulate Respirator, N95, 10 ea/bx **29.30** **21.50** BX **SALE**

Disposable Particulate Respirator

- ◆ 100% PVC-free
- ◆ Dura-Mesh[®] shell resists collapsing in heat and humidity
- ◆ Molded nose bridge seals easily without a metal noseband
- ◆ Facepiece is naturally contoured without pressure points
- ◆ Straps are securely attached so they don't break at the seal
- ◆ Softspun[®] lining for increased comfort and durability
- ◆ Soft foam nose cushion for added comfort
- ◆ Resists non-oil based particulates
- ◆ Certified under 42CFR84
- ◆ ANSI/ISEA 110-2009 Section 7.11.1, NIOSH Approved, OSHA Approved

OMNIA Partners, Public Sector is the largest and most experienced cooperative purchasing organization dedicated to public sector procurement.

Its immense purchasing power and world-class supplier have produced an extensive portfolio of cooperative contracts and partnerships, making OMNIA Partners the most valued and trusted resource for organizations nationwide.

SERVING PUBLIC AGENCIES

All cooperative agreements are competitively solicited and publicly awarded by a lead public agency/government entity (e.g. state, city, county, public university or school district), utilizing the best procurement practices, processes and procedures. These lead agencies are considered some of the best public procurement organizations in the nation and are available to answer questions or discuss the contracting process in detail

By utilizing these cooperative agreements, agencies eliminate duplication of effort, saving valuable time, resources and money

ELIGIBLE PUBLIC AGENCIES Include:

- | | |
|---------------------------|-----------------------------|
| State Government | Higher Education Systems |
| County Government | Nonprofits |
| City/Local Government | Agencies for Public Benefit |
| Primary Education Systems | |

Locations Nationwide to Serve You
