

A man and a woman are walking on a wooden deck outdoors. The man, on the left, is wearing a black long-sleeved button-down shirt, grey cargo pants, black sunglasses, and a black belt. He is holding a black walkie-talkie in his right hand. The woman, on the right, is wearing a blue short-sleeved polo shirt, black cargo pants, and brown sunglasses. She is holding a tablet computer with both hands. They are both looking towards the right. The background shows a wooden railing and some greenery. The sky is blue with some light clouds.

MEET OUR BRAND AMBASSADORS

Mandy Bachman
**IDPA Operations Manager, Wilson
Combat Shooting Team**

My favorite part about being in the competitive shooting industry is the people. The people are what initially got me involved. Everyone was so kind, helpful, and accepting. I kept coming back to matches because of that.

Jerry Miculek
**Professional Speed and
Competition Shooter**

The best advice I've ever received is "never fall in love with your own invention."

Kevin Dixie
**Self Defense Instructor,
Civil Rights Advocate**

The best part of my job is helping individuals who are striving for betterment in their lives. Many people are looking for guidance in areas from self-defense to self-motivation and building life-equity skills. I enjoy being interwoven into the fabric of existence of good people.

PATRIOT TRAINING FOUNDATION

WHAT'S THE BEST PART OF YOUR JOB?

“ The confidence that my organization makes a tangible, positive difference in the lives of those who serve our community and nation. ”

KEATH HAUSER

PRESIDENT & LEAD INSTRUCTOR
PATRIOT TRAINING FOUNDATION

WHAT'S YOUR FAVORITE PART ABOUT BEING IN THIS INDUSTRY?

“ My favorite part of being associated with military and law enforcement is the focus on service to others, whether on a local, national or international level. The men and women we work with are incredibly motivated, interested in learning to become better at their jobs and leadership and generously give back to those coming behind them. In a world that is becoming more and more selfish, the attitude of service before self is heartening. ”

WHAT'S YOUR FAVORITE PROPPER ITEM?

“ My navy blue Propper boonie! Most professional shooting ranges require some sort of cover/cap and most shooters wear a baseball-type hat. I've had hot brass go down my collar, leaving a permanent reminder of the day's event, so I prefer a boonie for the added, all-around protection. ”

TAKE ADVANTAGE OF OUR IN HOUSE CUSTOMIZATION OPTIONS

Propper is a one stop shop for embroidery, heat transfers, hemming and other customization services so your items arrive ready to wear.

EMBROIDERED NAME TAPE

For an additional charge, name tapes are offered in a variety of color and thread combinations. Name tapes are available in 1/2", 5/8" and 3/4" letter sizes. The name tapes may be purchased individually or they can be attached to your uniforms prior to shipping. Please allow 7-10 business days to complete request.

LOGO DIGITIZING AND EMBROIDERY

For an additional charge, custom logos or lettering may be added to many of our garments. Embroidered logos are available per your desired stitch count and colors. Logo digitization is also available for a fee. Contact Customer Service for more information.

HEAT TRANSFER

For an additional charge, heat transfers of logos or lettering can be applied to many of our garments. Reflective and non-reflective options are available; lettering can be no larger than five inches in height.

ORGANIZATION PATCH ATTACHMENT

For an additional charge, shoulder and chest patches can be attached to your uniforms prior to shipping, arriving ready to wear. Let us handle the meticulous attachment process for you; we'll ensure every patch is aligned per your department standards and consistent across all garments.

FREE HEMMING

Propper offers free hemming on select unhemmed products. Please allow 7-10 business days to complete request. Items that have been custom hemmed cannot be returned.

NO UPCHARGES ON EXTENDED OR MADE-TO-ORDER SIZES

Propper offers a wide range of sizing available every day with no upcharge on extended sizes. Additionally, a variety of our products can be ordered in special sizes not listed in this catalog. These made-to-order products are built to the same exacting standards as our stocked product in whatever size you require and have no upcharge. Contact Customer Service for availability and lead time. Made-to-order products cannot be returned.

BODY ARMOR

**TOUGH PROTECTION
WHEN IT MATTERS
MOST.**

Built to the rigorous standards of the NIJ, Proper body armor provides top-level ballistic and spike protection in tactical and concealable configurations.

THE 4PV PLATFORM FOUR PANELS ARE BETTER THAN TWO

Eliminate the vulnerable side gaps and improve fit and comfort with the revolutionary 4PV (Four Panel Vest) line of body armor with soft and hard panel protection. With four independent ballistic panels, the 4PV system is the most comfortable armor system on the market. Each panel flexes independently, so whether sitting, standing, or running, the vest moves with you for maximum protection and comfort.

THE 4 PANEL ADVANTAGE

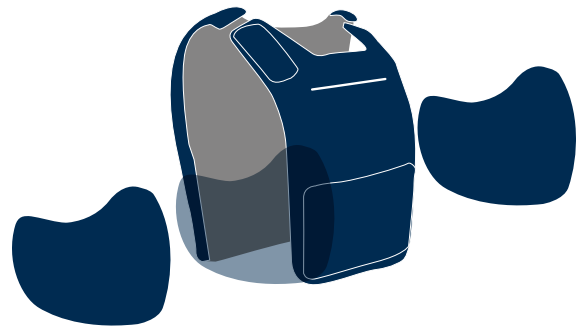

COMFORT

Four panels for better comfort and fit, eliminating ride up and bunching.

MOBILITY

Panels move independently as you sit, stand, or run.

PROTECTION

Four panels instead of two for superior side protection.

**STAY COVERED
AND COMFORTABLE**

4PV / 4PV-FEM

The 4PV (Four Panel Vest) is the latest innovation in armor protection. Four independent panels articulate to provide unparalleled mobility. This easy-to-size platform provides a fully modular, highly adaptable and comfortable system that users want to wear. Setting a new standard in women's vest comfort and protection, the 4PV-FEM (Female) offers a four panel system that articulates with the wearer's body. This new design molds to fit around the female form better than a traditional two-piece vest without bunching, billowing, or scooping on the chest and neck.

- Slim design
- Reinforced, highly durable straps to prevent sagging and rolling
- Durable 2-to-1 straps help mold armor around bust (4PV-FEM)
- Independent side panel suspension
- Four panel vest for complete modular coverage
- Internal ballistic suspension system
- Modular side panels can be replaced with larger/smaller panels if individual sizing changes
- Body-facing anti-odor mesh
- Moisture-wicking and soil release outer fabric
- Internal plate pocket (7x9) with included soft trauma pack* (5x8)
- Vest must be individually sized
- NTOA member tested and approved

Options

4PV-TAC

The 4PV-TAC (Tactical) is the tactical adaptation of our revolutionary 4PV system. The 4PV-TAC cover allows users who are already issued a 4PV concealable vest to run the same armor in an overt application. The 4PV-TAC has MOLLE attachment points to allow for customization with our line of tactical pouches and ACE accessories.

- Lightweight carrier
- 360° MOLLE attachment points
- Body-facing anti-odor mesh
- Front and back loop fields for identification
- 2-point release system for easy removal
- Can hold full size hard plates
- Vest must be individually sized

Options

- ID placard
- Level III or Level IV plates
- ACE accessories

4PV

Four Panel Vest

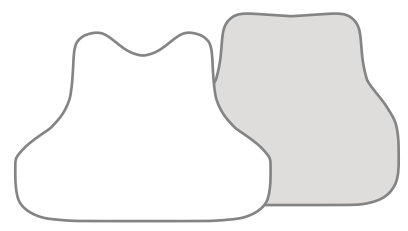

The 4PV panel system consists of a front, back and two side panels for complete protection. Additionally, with four panels, the 4PV is easier to size with fewer alterations, fits better, and allows for easy transfer between users.

4PV-FEM

Four Panel Vest - Female

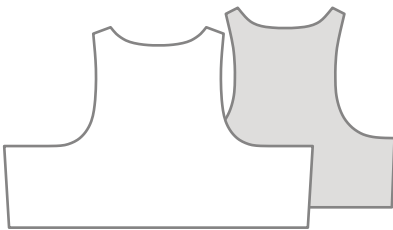

The 4PV-FEM uses the same core concept as the 4PV, but the panels are perfectly shaped to contour around the female form. The 4PV-FEM is available in custom sizes and in any of the armor packages we produce.

FURY

Two Panel Vest

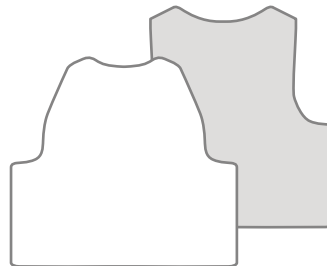

Our Fury panel answers the call for traditional cut concealable ballistics. The Fury panel is available in custom sizes in any of the armor packages we produce.

BALCS

Body Armor Load Carriage System

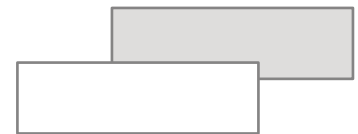

This is a standard U.S. Military cut that is available in any of the armor packages we offer. Available sizes are S, M, L, and XL.

SWITCH

Built For Speed and Comfort

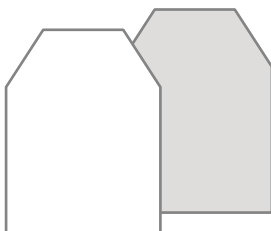

Smaller than an entry vest, larger than a plate carrier. Available sizes are S/M, L, XL, 2XL.

CUMMERBUND INSERTS

Inserts for the sides of tactical vests

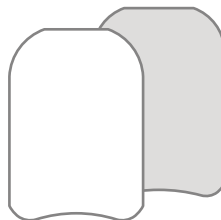

Available sizes are 6"x9", 6"x11", 6"x13", 6"x14.5", 6"x16". Available in any armor package.

SAPI

Small Arms Protective Insert

SAPI cut panels are available in S, M, L, XL sizes in any armor package we offer.

BACKPACK ARMOR

Add a level IIIA soft armor panel to your backpack for extra protection.

Available sizes are 11"x14", 11"x15", 12"x15", 12"x16" and 12"x18".
