

INTRODUCING
THE

GATOR

IMPACT- AND CUT-RESISTANT GLOVE

FEATURES

- ANSI Cut Level A4 offers exceptional resistance against sharp objects and potential hazards
- Impact Level 2 TPR material on the back of the hand absorbs and dissipates impact energy to reduce the risk of hand injuries
- Breathable lightweight construction ensures cool comfort even during extended wear
- Micro foam nitrile palm coating delivers an exceptional grip and long-lasting durability
- Reinforced thumb crotch for longer wear in tough conditions
- Touch screen capable to allow you to use your smartphone or other touch-enabled devices without removing your gloves
- Seamless 18 gauge construction machine knit shell for a snug fit and dexterity
- Machine washable to help remove dirt, grime, and contaminants for longer service life

DM-GL62485

ANSI Level A4
Cut Resistance under
the ANSI/ISEA
105-2016 standard

APPLICATIONS

Manufacturing

Assembly

Sheet Metal Work

Construction
