

CLEANROOM COMPATIBLE PAPER AND NOTEBOOKS

FG Clean Wipes keeps critical environments clean—reducing the risk of contamination before it can even be a factor.

Our paper and notebooks are specially designed for use in cleanrooms. Each page is impregnated and coated with a unique polymer formulation that inhibits particulate generation and chemical extractables.

Control contamination, make cleaning easier, and increase product yield with FG Clean Wipes's cleanroom compatible paper.

COPY MACHINE PAPER

- Special anti-contaminant polymer formulation
- Dimensionally stable and compatible with wet and dry systems

NOTEBOOKS

- Special anti-contaminant polymer formulation
- Spiral-bound and protected with a durable plastic cover

QUALITY STANDARDS

FG Clean Wipes is a pioneer in the manufacturing of contamination control products. Quality is a prerequisite to everything we make. That means the dependability and performance of our cleanroom compatible notebooks and paper are unmatched.

- Pharmaceutical and compounding pharmacies
- Biotech
- Medical device manufacturing
- Semiconductor manufacturing

BENEFITS

- Compatible with virtually any ink system
- Ultralow particle generation
- Ultralow metallic ion content
- High brightness and opacity
- High tear and tensile strength
- Heat resistant
- Confident clean—bagged in a cleanroom environment

No matter your industry, we have the optimal contamination control solution.
