HMIS RATINGS

TBD FOAMING Disinfectant Cleaner

PART NO.
WS-JS60310

This product is designed specifically for general cleaning and disinfecting in homes, hospitals, nursing homes, schools, and hotels. It is formulated to disinfect inanimate hard surfaces such as walls, sink tops, tables, chairs, telephones, bathrooms, shower stalls, bathtubs, hampers, cabinets and bed springs. In addition, this product deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, basements, restrooms and other areas which are prone to odors caused by microorganisms.

BACTERICIDAL ACTIVITY- When used as directed, this product exhibits effective disinfectant activity against the organisms: Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas aeruginosa, HIV-1 (associated with AIDS), TB, MRSA, VISA, VRE, Canine Parvovirus, Hepatitis B, Hepatitis C and meets the requirements for hospital use.

DIRECTIONS:

● **DISINFECTION, DEODORIZATION AND CLEANING** - Shake can before using. Hold container six to eight inches from surface to be treated. Spray area until it is covered with a white foam. Allow foam to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum. For heavily soiled areas, remove gross filth or heavy soil before treatment.

● **MILDEWSTAT** - To control mold and mildew on pre-cleaned hard non-porous surfaces, spray surfaces to be treated, making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.
